CREATION OF TV SERIES

Instructions

The distribution of series creators' royalties is done on a 100% basis, and must be the object of a mutual agreement between all of the beneficiaries. The applicable distribution breakdown keys will be those voted upon by the Board of Directors (see definition of the bible).

For live-action series, the literary bible royalties are:
- for original series: 10% maximum of the text share,
- for adaptations of a pre-existing work: 10% maximum of the adaptation's share.

For animation series, the bible share (literary and graphic) is deducted and distributed before the share-out between screenwriters and directors.

For original series:
- literary and graphic bible: 12 %
- literary bible only: 8,5 %
- graphic bible only: 8,5 %

For adaptations of a pre-existing work:
- literary and graphic bible: 10 %
- literary bible only: 8 %
- graphic bible only: 8 %

The share is done by mutual agreement between the authors of the literary bible and the graphic bible.
In case of lack of an agreement in the six months following the broadcast of the work, the share will be 50/50 between the literary bible and the graphic bible.
